THE INTEGRITY COUNCIL FOR THE VOLUNTARY CARBON MARKET

The Integrity Council for the Voluntary Carbon Market (Integrity Council) is an independent governance body for the voluntary carbon market.

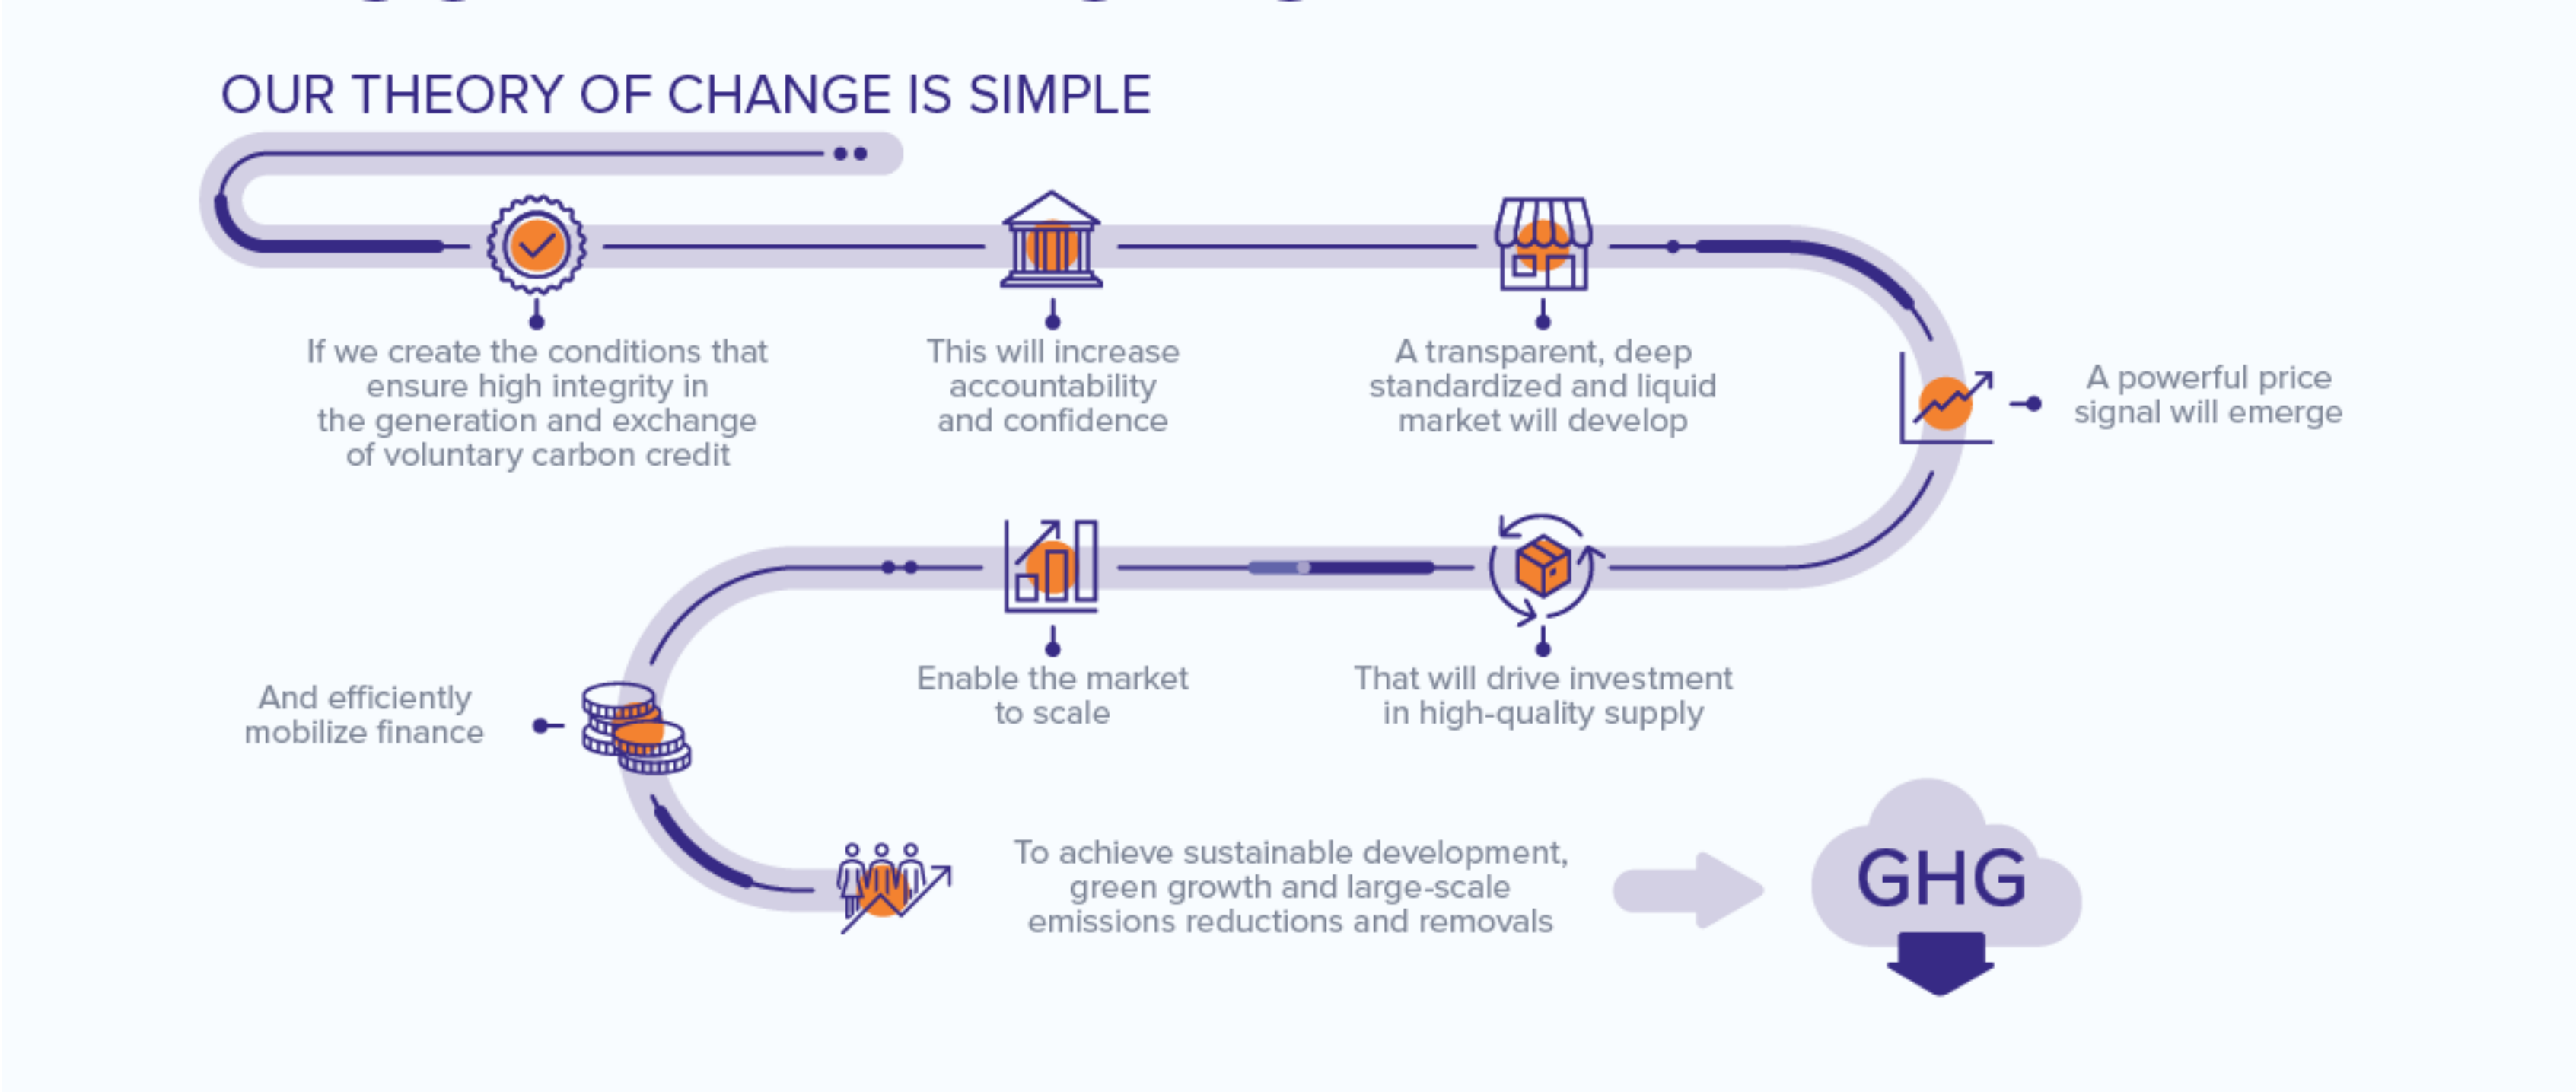

Our purpose is to ensure the voluntary carbon market accelerates a just transition to 1.5°C.

We do this by setting and enforcing a definitive set of global threshold standards that will set a global benchmark for carbon credit quality, drawing on the best science and expertise available, so high-quality carbon credits channel finance towards genuine and additional greenhouse gas reductions and removals that go above and beyond what can otherwise be achieved, and contribute to climate resilient development.
